

## Vehicle Permit

Vehicle decals will be provided only to those families that have submitted complete vehicle information. This form is intended for those parents that have not completed the information online. The decal will act as an entry permit into the San Diego Jewish Academy, and is intended to improve the security posture of the SDJA campus, as well as to ease the security check at the gate. **Anyone without a decal after September 17<sup>th</sup> will be stopped at the gate and questioned. Entry will only be provided after verification of identity.**

If you need more than 3 decals, please print and add the information on the back of this page.
